TOTAL REVENUE BY SOURCES

In the heart of Lima, Ohio, the Brockman family's life took an unexpected turn when Halle Brockman, during her pregnancy, faced a challenging situation. Sent to Toledo Hospital due to pre-term labor, Halle and her husband Caleb found themselves far from home and family. However, fate brought them to a place that would become their sanctuary during this difficult time

The Brockman family's connection to the golden arches began years ago when 14-year-old Halle and Caleb crossed paths while working at McDonald's. Little did they know that years later, the same company would play a significant role in their lives in a completely different way. When Halle was admitted to Toledo Hospital, she was later discharged to RMHC as her contractions halted. Still, fate had its way, and her water broke during their stay, leading to the early arrival of their twin babies, McKenna and McKinley, at just 30 weeks.

Halle expressed her gratitude, saying, "It is cool to see where the McDonald's support goes to and how it helps all the families we are surrounded by. You never realize how much it helps until you see it."

Halle expressed her admiration for the dedicated staff, stating, "Everyone has been amazing. All of the Family Service Managers have gone above and beyond for us. If we have an issue, they are there as soon as we need them." The caring and attentive staff not only ensured the well-being of Halle and her newborns but also provided much-needed emotional support for their entire family. Their two-year-old daughter, Madilyn, was also welcomed into the House, where she found joy in the playground and playroom.

The Brockman family's journey at RMHC exemplifies the impact this organization has on families facing challenging circumstances. By providing a home away from home and a supportive community, RMHC offers families the strength to cope with their struggles. As Halle puts it, "The staff has made it ten times easier just by being there and supporting us."

# THE FOUNDERS SOCIETY

In keeping with the three community leaders whose vision and commitment opened northwest Ohio's original Ronald McDonald House 40 years ago, Founders Society donors provide a solid foundation for our organization. Ronald McDonald House Charities of Northwest Ohio exists today thanks to the tireless efforts of Don and Venice Michel, Gary and Tricia Yunker, and Dr. Pierre and Mary Vauthy, MD. The Founders Society is named in tribute to their dedication to making our House a reality.

Toledo City Paper Best of Toledo Awards - Cork and Pork - **Finalist for Best Nonprofit Event**

# VOLUNTEER SPOT LIGHT

Whitmer High School students have been making a difference at Ronald McDonald House Charities of Northwest Ohio for nearly ten years! The Career Tech program at Whitmer High School has a Job Training class that juniors and seniors can apply for. This class gives students an opportunity to learn job skills, communication skills, and other skills so they can be successful after high school.

Students in the Job Training class volunteer at Ronald McDonald House Charities of Northwest Ohio twice weekly during the school year. Performing tasks such as cleaning, organizing, decorating, and sometimes cooking!

Bianca Martinez is a senior at Whitmer High School who loves volunteering at RMHC of NW Ohio. "I like volunteering at Ronald McDonald House Charities of Northwest Ohio because it allows me to try new things, experience Toledo, and help others," says Bianca. When asked why others should volunteer, Bianca said, "Everyone should give back and help others because it makes people happy."

Davon Brown is a junior at Whitmer High School who enjoys learning work skills and helping families at RMHC. "The job training and volunteering help me learn work skills. My favorite part about volunteering is my jobs and work, knowing that I am helping others," says Davon. "It's nice knowing that the safe and clean environment we help provide supports others in need."

Bethany Parker, a junior at Whitmer High School, joins Bianca and Davon in the Job Training class. "I like the Job Training class and volunteering because it gives us a chance to get out of the school and give back," says Bethany. "It feels good to give back and help others. You never know when you may need the help".

The Job Training students are instructed by their Job Coach, Christine Arvay, who has been with Whitmer High School for 14 years. "For us, we just want our students to be able to gain the skills that will help them later in life while giving back," says Christine Arvay. "RMHC has been a great friend and partner to Whitmer High School."

## UPCOMING EVENTS

**October 6, 2023**

Help us raise \$40k in 1 day at our second annual Radiothon! Tune in to 93.5 and 105.5 FM.

**October 14, 2023**

Bring your family and aluminum pull tabs to RMHC of Northwest Ohio!

**February 23, 2024**
